EVERY HOUR A PREMATURE BABY DIES IN THE COUNTRY OF GHANA DUE TO NO ACCESSIBLE MEDICAL CARE. It doesn't have to be this way and YOU can partner with us this Christmas....

Baby December. A little boy that changed everyone that laid eyes on him. An eight month old baby only weighing 8 pounds when we met him, completely discarded because he was deemed unworthy by the people in his life. But God had a plan for this precious child. He wanted to use this child of the King to change thousands of lives and that's exactly what is happening in the Volta Region of Ghana, Africa.

Now because of the battle that was lost by our precious December, the war is being won for so many other babies. A NICU has been opened in that region that offers life saving medical care to premature babies that has never been an option before. These little ones are thriving and their families are learning how to care for them. However, there is a great need for medical equipment. In many cases, they only have one machine and must unplug it to move from baby to baby. This Christmas season, help us equip the NICU with the necessary equipment to save even more lives!

A young girl with short dark hair, wearing a pink and white striped shirt, is smiling and holding a light blue rectangular sign. The sign has a white cross-shaped ribbon graphic with a bow at the intersection. Below the bow, the words "MERRY CHRISTMAS" are written in a green, stylized, slightly curved font. The background is a textured, light brown wall.

For God so loved the world, that He gave
His only begotten Son, that whosoever
believes in Him should not perish,
but have everlasting life.

John 3:16
